I write in my capacity as a staff psychologist at Richard J. Donovan State Prison, Facility E. Mr. Mickey has worked tirelessly to bring health and fitness to Echo Yard. He has run several groups that include yoga and different levels of physical activity to reach all peers regardless of disabilities. Mr. Mickey has encouraged his peers to pursue a greater understanding of the interconnection of thoughts, feelings and behaviors through self-reflection and physical activity. Mr. Mickey has worked with different disciplines including mental health staff, coaches and custody staff to ensure his programs are safe and fulfilling a need in his community. He is passionate about giving back and will continue to be an asset to any community should he be released.
